Launch of TKDOST app on Apple App Store

Vashi, Navi Mumbai, 6th February 2023: Shreeji Translogistics Limited (STL), an India-based surface logistics and parcel delivery service provider, is pleased to announce roll out of its transport aggregator application TKDOST on Apple app store through its subsidiary TKD Digitrans Tech Private Limited.

- Shreeji Translogistics Limited through its subsidiary has rolled out TKDOST application on Apple app store.
- With this launch, STL through its subsidiary is ready to provide technology enabled logistics solution across prominent electronic platforms like google app store and Apple app store.
- This app will enable to enhance the visibility of the Company to users of both the platforms and will establish faster connects between multiple transporters in providing seamless and highly integrated transporting solutions.
- This development is in line with STL's vision to provide tech enabled logistics solutions and reduce the overall cost of logistics.

Commenting on the announcement, the Management team of Shreeji Translogistics Limited, stated:

"We are happy to announce that the Company through its subsidiary has rolled out their new application TKDost on Apple app store. This launch will complement the already existing application on Google Play store which has more than 7,000 users spread across India. This exemplifies STL's unwavering commitment to provide value-added services in order to provide an exceptional and seamless client experience."

With this application, the company is better placed to capitalize opportunities in the tech enabled logistics space. Furthermore, we anticipate a rise in the number of application users which will eventually lead to higher customer base retention and new client acquisition. These technological solutions will also assist us in scaling the business in asset light manner and provide a long runway for growth."

This will take us a step forward in reaching our goal of becoming a completely tech-oriented logistics solution provider in India and enable us to enter into new markets and also help us offer new services to our clients."

The App can be downloaded using the below QR Codes :

Google Play Store

Apple App Store

About Shreeji Translogistics Limited.

Shreeji Translogistics Limited (STL) was incorporated in 1984, headquartered in Vashi, Navi Mumbai. The Company is engaged in freight management, logistic solutions, and warehousing services. It caters a range of logistical requirements from import-export container movement to bonded trucking movements. The various types of services provided by the Company include full truck load transport services (FTL), parcel and part truck load services/ less than truck load (LTL), import-export services and bonded trucking services. It operates different types of trucks based on design and size along with varying capacities. Its container trucks are used for transportation of parcels, white goods, and consumer packaged goods (FMCG). The Company's platform trucks are mainly used for import-export containers and also for transportation of heavy-duty goods like automotive parts and machineries. It owns and operates a fleet of more than 300 owned trucks and more than 4,500 outsourced trucks. STL is led by a team of seasoned professionals with robust experience in the logistics sector
